La Morella Nuts

Add crunch to your creations and visual appeal with our range of crocants: nut pieces mixed with brown caramel pieces used as inclusion or decoration. Our range suits every need in a variety of applications with different sizes), flavours, sugar/nut ratios and levels of roasting.

La Morella NUTS

Mediterranean Nut Craft

Two essential steps for delicious nut crocants that will add crunch and visual appeal to all your creations.

Whole Nut roasting

Roasting nuts first enables to roast them homogeneously to their core, without risk of burning them when cooking the caramel. No burnt smokiness, only nutty deliciousness.

Caramelization

Sugar is poured in copper pans, stirred by hand and cooked homogeneously until becoming golden brown pieces. Chopped nuts pieces are added then cooked. Our experts estimate by sight when they are at their best. Mixed with freshly-roasted chopped nuts, these caramel pieces become crocant that will add crunch to all creations.

Caramelized Nuts

Product	Type	Sales Unit	Carton Unit
Hazelnut Crocant	50/50 2/4mm	10 kg carton	1 bag
